PROFESSIONAL SUMMARY

MERN Stack and Frontend Developer with hands-on experience building responsive web applications using React.js, JavaScript, Node.js, Express.js, and MongoDB. Skilled in REST API integration, authentication, state management, and responsive UI development. Passionate about writing clean, maintainable code and delivering seamless user experiences.

TECHNICAL SKILLS

- Programming Languages: JavaScript (ES6+)
- Web Technologies: HTML5, CSS3
- Frontend: React.js, Context API, Redux Toolkit, React Router
- Backend: Node.js, Express.js, JWT authentication
- Database: MongoDB, Mongoose
- Styling & UI: Tailwind CSS, Bootstrap
- Tools & Platforms: Git, GitHub, Vite, Netlify
- Core Concepts: REST API Integration, Component-Based Architecture, State Management, Responsive Design.
- AI Integration: Google Gemini API / GenAI SDK

PROJECTS

SkillScan.AI (React.js, Node.js, Express.js, MongoDB, Google Gemini AI)

- Built an AI-powered interview-preparation application with a React frontend and Node/Express backend.
- Integrated Google Gemini AI to support personalized interview strategy/report generation and connected application APIs with the backend.
- Used MongoDB/Mongoose for data handling and implemented authentication-related flows.

Code: SkillScanAI

Auth Flow (React.js, Node.js, Express.js, MongoDb)

- Developed a full-stack authentication application using MongoDB, Express.js, React.js, and Node.js, implementing user registration and login.
- Implemented JWT-based authentication, protected routes, and bcrypt.js password hashing for user authentication and authorization
- Built and integrated RESTful APIs with MongoDB/Mongoose and developed a responsive React + Material UI frontend.

Code: AuthFlow

AnkiArts (React.js, Context API, Tailwind CSS)

- Developed a responsive e-commerce gallery featuring integrated cart functionality and dynamic product rendering.
- Leveraged Context API for centralized global state management, ensuring efficient data flow across components.
- Utilized Tailwind CSS for modern UI styling and implemented toast notifications for enhanced user feedback.
